

St Peter's Catholic Primary School

Progression of skills: Number

Fractions (inc Decimals and Percentages)

COUNTING IN FRACTIONAL STEPS					
Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
	<i>Pupils should count in fractions up to 10, starting from any number and using the $\frac{1}{2}$ and $\frac{2}{4}$ equivalence on the number line (Non Statutory Guidance)</i>	<i>count up and down in tenths</i>	<i>count up and down in hundredths</i>		
RECOGNISING FRACTIONS					
<i>recognise, find and name a half as one of two equal parts of an object, shape or quantity</i>	<i>recognise, find, name and write fractions $\frac{1}{2}$, $\frac{1}{4}$, $\frac{3}{4}$ and $\frac{1}{10}$ of a length, shape, set of objects or quantity</i>	<i>recognise, find and write fractions of a discrete set of objects: unit fractions and non-unit fractions with small denominators</i>	<i>recognise that hundredths arise when dividing an object by one hundred and dividing tenths by ten</i>	<i>recognise and use thousandths and relate them to tenths, hundredths and decimal equivalents (appears also in Equivalence)</i>	
		<i>recognise that tenths arise from dividing an object into 10 equal parts and in dividing one - digit numbers or</i>			

St Peter's Catholic Primary School

Progression of skills: Number

Fractions (inc Decimals and Percentages)

		<i>quantities by 10.</i>			
<i>recognise, find and name a quarter as one of four equal parts of an object, shape or quantity</i>		<i>recognise and use fractions as numbers: unit fractions and non-unit fractions with small denominators</i>			
COMPARING FRACTIONS					
		<i>compare and order unit fractions, and fractions with the same denominators</i>		<i>compare and order fractions whose denominators are all multiples of the same number</i>	<i>compare and order fractions, including fractions >1</i>

St Peter's Catholic Primary School

Progression of skills: Number

Fractions (inc Decimals and Percentages)

COMPARING DECIMALS					
Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
			compare numbers with the same number of decimal places up to two decimal places	read, write, order and compare numbers with up to three decimal places	identify the value of each digit in numbers given to three decimal places
ROUNDING INCLUDING DECIMALS					
			round decimals with one decimal place to the nearest whole number	round decimals with two decimal places to the nearest whole number and to one decimal place	solve problems which require answers to be rounded to specified degrees of accuracy
EQUIVALENCE (INCLUDING FRACTIONS, DECIMALS AND PERCENTAGES)					
	write simple fractions e.g. $\frac{1}{2}$ of $6 = 3$ and recognise the equivalence of $\frac{2}{4}$ and $\frac{1}{2}$.	recognise and show, using diagrams, equivalent fractions with small denominators	recognise and show, using diagrams, families of common equivalent fractions	identify, name and write equivalent fractions of a given fraction, represented visually, including tenths and hundredths	use common factors to simplify fractions; use common multiples to express fractions in the same denomination

St Peter's Catholic Primary School

Progression of skills: Number

Fractions (inc Decimals and Percentages)

			recognise and write decimal equivalents of any number of tenths or hundredths	read and write decimal numbers as fractions (e.g. $0.71 = \frac{71}{100}$)	associate a fraction with division and calculate decimal fraction equivalents (e.g. 0.375) for a simple fraction (e.g. $\frac{3}{8}$)
				recognise and use thousandths and relate them to tenths, hundredths and decimal equivalents	
			recognise and write decimal equivalents to $\frac{1}{2}$; $\frac{1}{4}$; $\frac{3}{4}$	recognise the per cent symbol (%) and understand that per cent relates to "number of parts per hundred", and write percentages as a fraction with denominator 100 as a decimal fraction	recall and use equivalences between simple fractions, decimals and percentages, including in different contexts.

ADDITION AND SUBTRACTION OF FRACTIONS

Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
		add and subtract fractions with the same denominator within one whole	add and subtract fractions with the same denominator	add and subtract fractions with the same denominator and multiples of the same number	add and subtract fractions with different denominators and mixed numbers,

St Peter's Catholic Primary School

Progression of skills: Number

Fractions (inc Decimals and Percentages)

		(e.g. $\frac{1}{2} + \frac{1}{2} = \frac{2}{2}$)		recognise mixed numbers and improper fractions and convert from one form to the other and write mathematical statements > 1 as a mixed number (e.g. $\frac{7}{5} + \frac{1}{5} = \frac{8}{5} = 1\frac{3}{5}$)	using the concept of equivalent fractions
MULTIPLICATION AND DIVISION OF FRACTIONS					
				multiply proper fractions and mixed numbers by whole numbers, supported by materials and diagrams	multiply simple pairs of proper fractions, writing the answer in its simplest form (e.g. $\frac{1}{2} \times \frac{1}{2} = \frac{1}{4}$)
					multiply one-digit numbers with up to two decimal places by whole numbers

St Peter's Catholic Primary School

Progression of skills: Number

Fractions (inc Decimals and Percentages)

					divide proper fractions by whole numbers (e.g. $\frac{1}{2} \div 2 = \frac{1}{4}$)
MULTIPLICATION AND DIVISION OF DECIMALS					
Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
					multiply one-digit numbers with up to two decimal places by whole numbers
			find the effect of dividing a one- or two-digit number by 10 and 100, identifying the value of the digits in the answer as ones, tenths and hundredths		multiply and divide numbers by 10, 100 and 1000 where the answers are up to three decimal places
					identify the value of each digit to three

St Peter's Catholic Primary School

Progression of skills: Number

Fractions (inc Decimals and Percentages)

					<i>decimal places and multiply and divide numbers by 10, 100 and 1000 where the answers are up to three decimal places</i>
					<i>associate a fraction with division and calculate decimal fraction equivalents (e.g. 0.375) for a simple fraction (e.g. $\frac{1}{3}$)</i>
					<i>use written division methods in cases where the answer has up to two decimal places</i>
PROBLEM SOLVING					
<i>Year 1</i>	<i>Year 2</i>	<i>Year 3</i>	<i>Year 4</i>	<i>Year 5</i>	<i>Year 6</i>
		<i>solve problems that involve all of the</i>	<i>solve problems involving</i>	<i>solve problems involving numbers up</i>	

St Peter's Catholic Primary School

Progression of skills: Number

Fractions (inc Decimals and Percentages)

		<i>above</i>	<i>increasingly harder fractions to calculate quantities, and fractions to divide quantities, including non-unit fractions where the answer is a whole number</i>	<i>to three decimal places</i>	
			<i>solve simple measure and money problems involving fractions and decimals to two decimal places.</i>	<i>solve problems which require knowing percentage and decimal equivalents of $\frac{1}{2}$, $\frac{1}{4}$, $\frac{1}{5}$, $\frac{1}{10}$ and those with a denominator of a multiple of 10 or 25.</i>
