St. Peter's Catholic Primary School

Year 5 Homework Autumn 2nd Week 1: 3.11.26

Please find below three English tasks and three Mathematics tasks for children to complete for their homework this week. Our recommendation is that children complete Task 1 for English and Maths on Tuesday, Task 2 for both on Wednesday and Task 3 for both on Thursday. This short, frequent style of homework will support children to consolidate their learning. Please find the answers below. The expectation is that children mark alongside parents/carers or self-mark.

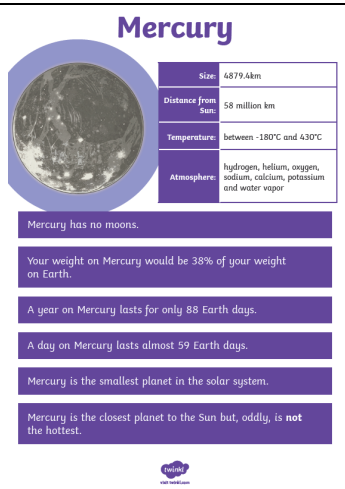

Children are to hand in their homework by Friday morning, alongside their reading record.

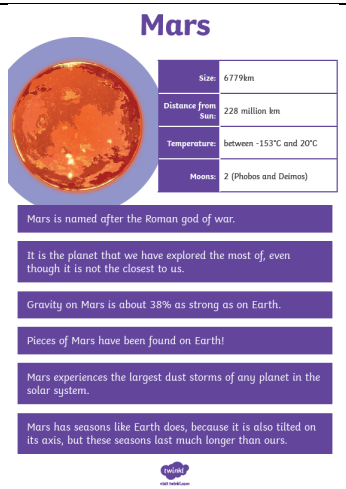

English		
Task 1: Grammar and punctuation	Task 2: Reading comprehension	Task 3: Spellings
LI: To edit for grammar and punctuation Copy these sentences correctly into your books. There are TWO mistakes in each: 1) We was looking forward to christmas. 2) They was feeling exited. 3) Its wednesday tomorrow. 4) They should of brought milk when they were at the shops.	LI: To use skimming and scanning to locate and interpret facts (Non Fiction) These fact cards are enlarged underneath the answers if you need to print them.	Please practice the spellings below and the x3, x6, x12, x4, x8 tables AND division facts for a test on Friday.

St. Peter's Catholic Primary School

5) I writ down my anwer.

Please ensure that you have used JOINED HANDWRITING.

1) Which of these two planets has no moons?
2) Which of these two planets is the largest?
3) Why is it 'odd' that Mercury is not the hottest planet in our solar system?
4) Who is Mars named after?
5) Which planet have we explored the most?
6) How long is a day on Mercury?

different
arrive
possible
difficult
opposite
aggressive
excellent
marvellous
embarrass
opportunity

Mathematics

Task 1: Fluency	Task 2: Varied Fluency	Task 3: Reasoning

St. Peter's Catholic Primary School

1b. Complete the calculations.

A.

	5	2	3	2	8
+	2	7	6	5	4

B.

	5	8	3	5	4
+	3	2	8	4	3

2b. Complete the addition calculations.

A. 45,216 + 4,376 =

B. 536,455 + 13,297 =

3b. The table shows how many tickets were sold at a cinema.

A. How many tickets were sold in April and May altogether?
B. How many tickets were sold in May and June altogether?

Month	Tickets sold
April	26,415
May	38,072
June	41,569

Homework answers:

Grammar and Punctuation

1) We WERE looking forward to Christmas.
2) They WERE feeling excited.
3) It's Wednesday tomorrow.
4) They should HAVE bought milk when they were at the shops. (Allow 'should've' but not should of)
5) I WROTE down my answer.

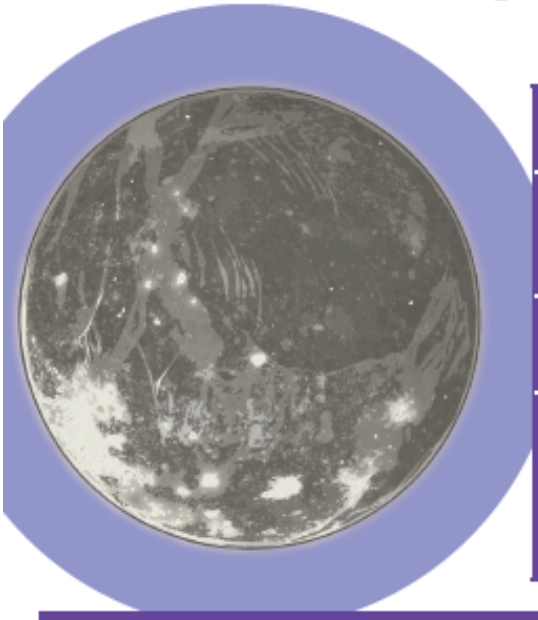

Comprehension

1) Mercury 2) Mars 3) Because Mercury is the closest planet to the sun 4) Roman God of War 5) Mars 6) 59 Earth days

Maths

1b. A. 79,982; B. 91,197
2b. A. 49,592; B. 549,752
3b. A. 64,487; B. 79,641

Mercury

Size:	4879.4km
Distance from Sun:	58 million km
Temperature:	between -180°C and 430°C
Atmosphere:	hydrogen, helium, oxygen, sodium, calcium, potassium and water vapor

Mercury has no moons.

Your weight on Mercury would be 38% of your weight on Earth.

A year on Mercury lasts for only 88 Earth days.

A day on Mercury lasts almost 59 Earth days.

Mercury is the smallest planet in the solar system.

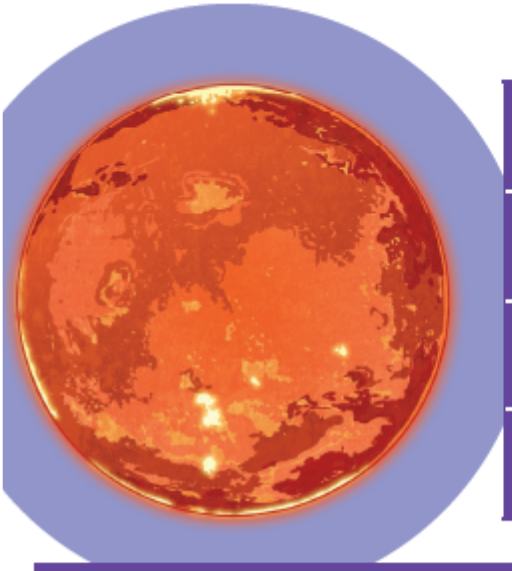

Mercury is the closest planet to the Sun but, oddly, is **not** the hottest.

Mars

Size:	6779km
Distance from Sun:	228 million km
Temperature:	between -153°C and 20°C
Moons:	2 (Phobos and Deimos)

Mars is named after the Roman god of war.

It is the planet that we have explored the most of, even though it is not the closest to us.

Gravity on Mars is about 38% as strong as on Earth.

Pieces of Mars have been found on Earth!

Mars experiences the largest dust storms of any planet in the solar system.

Mars has seasons like Earth does, because it is also tilted on its axis, but these seasons last much longer than ours.
